

Dr. George Mukhari Hospital

Situated about 20 km north of Pretoria North, Dr. George Mukhari Academic Hospital is on the border between Gauteng and North Western Province. The Speech Therapy and Audiology Department is situated on the Medunsa (University of Limpopo) campus and has 6 permanent therapists, 3 community service therapists, a clerk, assistant and two cleaning ladies.

Audiology services at the department include: Neonatal hearing screening program, audiometry (including FF & VRA), ABR & ASSR, cerumen management, hearing aid fittings & verification as well as aural rehabilitation.

Speech Therapy services include: Adult neuro, paed speech & language therapy, early intervention, CP clinic, CLP clinic, high risk neonatal clinic, stroke support group, paed & adult dysphagia as well as videofluoroscopy swallows.

Community Service Therapists are involved in all the services that are offered and are encouraged to develop skills in all areas under adequate supervision.

... interesting and challenging. Every day is different!

We even have monkeys and tractors...
