Speech Therapy services includes paediatric individual and group therapy, adult neuro, rehab inpatients, cleft lip and -palate clinic, feeding clinic and an assessment clinic.

“Wherever you go, no matter what the weather, always bring your own sunshine.”

- Anthony J. D. Angelo

Looking forward to patients! pathologies! puzzles, parties and P- physio's !

There are both therapists and assistants working in the department. Multi-disciplinary teamwork is a priority and monthly combined rehab parties are arranged. Therapists are encouraged to participate in CPD activities.

Plenty of opportunities
to do so much more !
