## **BOTSHABELO DISTRICT HOSPITAL**

### **SPEECH THERAPY AND AUDIOLOGY**

SECOND  
LARGEST  
TOWNSHIP  
BOTSHABELO

It's called Botshabelo  
(Sesotho) meaning  
(a place to run to in other  
words: your safety sport).

## BACKGROUND

Botshabelo District Hospital was opened in 1986. It is planned to be a flat structure which would be build in phases, but it was only build up to 2nd phase. These include 3 wards (the paediatric ward consisting of 26 beds, medical wards– Male and Female each consisting of 34 beds. The language used in Botshabelo, is Sesotho.

## THE FOLLOWING SERVICES ARE AVAILABLE AT OUR DEPARTMENT:

- Assessment
- Intervention
- Hearing screening at local schools
- CP Group
- Developmental Group
- Postnatal Group
- Hearing aid Group ( habilitation, care for HA)
- Referrals to other departments
- Home visits with all team member of the multi-disciplinary team

## Why should YOU come to Botshabelo Town?

- You get the chance of a life time to have the best cultural experience of your life!
- You get a chance to learn yet another language. Your first words in Sesotho are: "dumelang lekae"  
(good morning / afternoon, how are you)
- Our patients are really appreciative of what we are willing to do for them.
- You get a warm welcome each morning!
- We are a friendly bunch working together as a team.
- We work together with the Occupational Therapists, Physiotherapists, Dietitians & Social workers.
- Most of the equipment is in place and toys are available for therapy.
- We have a lot of patients who need our support and care, please come and help
