March 2016

Call for abstracts for SASLHA Congress 8 – 11 October, 2016

Theme: Communication across the lifespan: Responsive to the Context

Dear Colleagues

The Local Organising Committee of the SASLHA Congress has pleasure in personally inviting you to present a paper or workshop at this year's event at the Sandton Convention Centre.

We are very excited to have the opportunity to host this Congress in Johannesburg this year. Your participation at the Congress will assist in making the Congress successful.

Below you can see what areas we are requesting presentations in. We are happy to receive abstracts on any other topics as well. These are merely guidelines. We encourage collaborative, multidisciplinary presentations.

Yours in Congressing

Dr. Mellissa Bortz
